RJB Wilson, PHCC's First British Champion

Robert J. B. Wilson

Among the advantages, and in some cases disadvantages, age brings with it in addition to historical perspective, is an incredible desire to share events of personal relevance and significance. Being one of the “founding fathers” of the Port Huron Chess Club grants me the opportunity to view events that span its nearly 50-year existence. In culling through the most “ancient” tomes of the club’s newsletters, one could hardly omit mention of the first ever club champion, nor his witty, incessantly very English observations and contributions to the club as verified by the plethora of games, articles, columns and commentary infusing a uniquely international flavor to our local chess community. As a chemical engineer at one of Sarnia’s petrochemical conglomerates, “Bob” Wilson

proved not only an accomplished chess player, but a refreshing counter-point to an otherwise strictly monochromatic organization. Bob and his son, Bryan made their first sojourn across the Blue Water Bridge in September of 1971, amid the swirl of excitement generated when the Fischer-Petrosian Candidates match became the focal point of the chess world. Bob quickly established his local chess credentials by winning the first club Speed Championship, followed quickly by capturing the title of 1971 Club Champion.

Bob rapidly ensconced himself as a regular in the culture of the PHCC by volunteering as club ratings director, and then agreed to author a column entitled “The Rating Game” showcasing games from challenge ladder and tournament play, complete with commentary and analysis, under the *nom de plume* of “Glorious Leader”! In an effort to provide readers with a touch of the flavor of what sometimes could be his acerbic wit typical in a column by “Glorious Leader”, I present one of his classic articles!

“The Rating Game” by Glorious Leader (Chess Chatter, Volume 1 Number 8: July/August 1972.)

Plot and Counter-plot: A game of chess is not lost without a mistake (a detectable one that is.) on the part of the loser, and when one’s opponent is less likely to do this *gratis* it may become necessary to seduce him into error with subtly baited traps. To win a game in this manner is a far more satisfying experience than the mere mopping up after an obvious blunder. When the intended victim sees the pitfall, avoids the trap and wends his way to at least temporary safety, much of the beauty of the game may

remain in what did not happen than in what did! A case in point is an episode from a recent Class A challenge game:

T'is all a checkerboard of Nights and days
Where Destiny with Man for Pieces plays:
Hither and thither, moves, and mates, and stays,
And one by one, back in the Closet lays.
Rubaiyat of Omar Khayyam

Ghastly goings-on since our last set of stone tablets...On a second day of infamy, that'd better live forever in the hearts and mind of the people of the PHCC (April 26th, I think in was.) Super player (RJB Wilson) himself had to cede some 34 points when held to a draw by Mighty Mike Sharpe....

The worm turns: - Norm "punching bag" McLeod, the traditional steppingstone for any Olympic aspirant, recently surprised everybody (himself most of all), by actually winning a couple of games and landing there himself. The shock was so great that he went into hiding for the next four weeks....

Hooked....Jim Lancaster, who, rumor has it, was not too upset at losing a couple of challenges (in order to stay in class B for the championships), found to his horror, that a bad habit like this is hard to shake; he has since lost to Greg Maness and Geoff Pennington (Both lower rated - ED.), the scores of both of these games are mysteriously missing...

On the Agony of Creative Writing....

The moving Finger writes; and for a bit,
Writes on; then all my Levity and Wit
Desert me, and I cancel half a line,
And all of my tears wash out the Rest of it.
With apologies to Ibid.

In a recently passed constitutional amendment, the number of classes was reduced to three by combining B & C, to provide equal point spreads to all divisions. (A hidden motive was to give Olympic dropouts a better chance of regaining their haloes.)

Into a golden glass of beer
Tear drops fall; a sorry rain
Telling chessmen, far and near
That Lonnie's blown it, once again!
Ruby Ott by Homer , K.M.

Bob remained active in club activities until early in 1976, when personal issues forced his abrupt departure. I wish I had more information on his background and his personal experiences, but at the very least, he provided the PHCC with a much appreciated rich and colorful addition to our history. (Please note I have preserved "GL's" spelling and punctuation as written - ED.)

Needed: PHCC volunteers for the 2019 PHASD/Phil Willard Memorial Chess Tournament slated for March 9th

Once again the Evone Rodriguez has asked for PHCC to volunteer in lending support and expertise to the 2019 - 23rd tournament. Please let Lon know if you can attend and help. We would need to be there by 8:00 am on Saturday morning. See the flyer on the final page of the January 2019 issue for details!

Diane Rutkofske to offer new embroidered 50th Anniversary PHCC logo shirts for 2019!

Diane Rutkofske, obviously Lon's talented, better half, is quick to get on the 50th anniversary bandwagon with a special deal! She plans to offer interested PHCC members embroidered polo shirts with a new 50th anniversary logo for the coming year. You have probably seen some of her wonderful work on shirts worn by many members of our club, and we already have orders from **Avery Jones**, **Bill Wingrove**, **Noel Bedy**, and of course, Lon for this 2019 version.

The embroidery fee will be around \$15 (*...less than the going market rate for embroidered designs.*), but if Diane can purchase appropriate, quality polo shirts (long or short sleeve) in a variety of colors at a reasonable rate (\$15-\$20) that will of course be added to the total purchase price. Shown below is the new logo design, but with the new version thread colors may vary, dependent on the color of the shirt (See choices below.)! Let Lon know if you are interested in ordering a shirt!

Members' Games

Please send me what you consider your best games, annotated or not, so that I might be able to showcase them. The following games represent contests that have been available at the time of this printing. Email them to me or give them to me personally, if you wish. Majority of analyses is done by Fritz 12, unless otherwise indicated. [This a reminder of the change in policy in the PHCC Challenge rules: # 14 - Games can be rated by the USCF, provided both players are members in good standing with the USCF and agree to have it rated by paying in advance to the TD (Lon Rutkofske, or other club official with a valid TD certification card.) of \$1.50@ to cover rating costs.] Updated Challenge rules will follow below:

Format and rules for PHCC Challenge System

- I. Purpose: to provide club members the opportunity to challenge higher rated players on a regular basis to improve and test their skills in over the board non-tournament competition.
- II. Regulations: (Effective 11-8-2018)
 - a. Challenges may be made by any club member on the PHCC rating list under the following circumstances:
 1. Can only be made only by a lower rated player.
 2. Can only be made during club hours and cannot be made after 8:00PM.
 3. Must be played on the same day as the challenge was made, so there can be no advanced challenges.
 4. Both players must be present.
 5. Only one challenge may be made per meeting.
 6. Challenger can only challenge a player that is rated less than 400 points above him on the rating list.
 7. All challenges must be accepted.
 8. No challenge may be made while a participant is involved in a tournament or challenge game.
 9. A clock must be used with the time control of G/60 with 5 second delay; must be recorded by both players and submitted to the rating director upon completion of the game. (**See Sample Score Sheet on page 2**)
 10. All challenge games must comply with current tournament rules of chess as established by the US Chess Federation.
 11. No challenge game may be adjourned, but if an unusual circumstance arises, the club rating director may adjudicate.

12. No member may be challenged more than one consecutive time by the same challenger. This means that the lower rated player cannot challenge the same player two times in a row. He/she must play another match before this can take place, but this also means that the higher rated player may be challenged by the same rated player consecutively if he has not participated in a match in between challenges within a six week period. Abuse (ie: Constant challenges and re-challenges or other annoying or inconsiderate behavior) must be reported to the Director and he has the option of suspending the violator indefinitely from participation in the Challenge system. Disputes will be adjudicated by the ratings director, with the advice of other players as he so wishes.
13. Challenges can take place on the first Thursday of each month, or at any time there is no other tournament or event scheduled.
14. **Games can be rated by the USCF**, provided both players are members in good standing with the USCF and agree to have it rated by paying in advance to the TD (*Lon Rutkofske, or other club official with a valid TD certification card.*) of \$1.50@ to cover rating costs.
15. Results will be rated by the PHCC (*Using the USCF rating system.*) using current PHCC ratings posted at the club and will be adjusted as necessary by the club rating director. Changes will also be posted on the club website.

1.e4 c5 2.Bc4 e6 3.Nf3 Nc6 4.0-0 d6 5.Nc3 Nf6 6.Re1 [All these moves are pretty much standard in mainlines of the Sicilian Defense. White must now provide a space for his B on c4 as well as preventing Nb4, so the best move seems to be a3 creating a *luft* (air space) for his white squared B, while still permitting it to have influence in the battle for control of the central squares.] **6...a6**

7.d3?? [A real mistake, because it will cost white his long range white squared B and eventually lead to doubled pawns on the Q-

side.] **7...Be7** [Black is content to complete his development, but I think the immediate Na5! is best here completely disrupting the white center with an important positional advantage.] **8.b3??** [Another serious miscue, best was 8.a3 while he still has a chance to save the B, this move seals the fate of the B as the simple b5 wins the homeless cleric!] **8...Na5?!** [I think Bill is merciful here, offering a simple exchange, when clearly 8.b5 is called for.] **9.e5 dxe5 10.Nxe5** [A very nice trick to save doubling the pawns, but again, b5 looms large!] **10...Nxc4 11.dxc4??** [Another huge tactical error, creating doubled pawns. Best was 11. Nc4 keeping the central pawn chain intact and giving white some good squares.] **11...Qc7**

[Black is in no rush to exchange queens, since he sees that his position has improved drastically and he seeks to enhance his advantage. For white a queen exchange would have given him control of the d file with a rook and possible equality.] **12.Ba3 0-0 13.b4??** [Diagram]

[Loses the exchange by permitting the pawn fork of the B and N.] **13...cxb4 14.Bxb4 Bxb4 15.Qd3 Rd8 16.Qe3 Bd6 17.Qg5?** [A waste of tempo (time) without any real threat., best would probably be 17.Rab1.] **17...h6 18.Qe3** [The queen has to return to her previous spot, and now black gets an escape square from possible back rank mates to boot!] **18...Bxe5** [Following the timeless chess practice of trading pieces when you have the advantage.] **19.Qh3 Bxc3 20.Qxc3 b5 21.c5 Bb7** [Down two pieces in a totally lost position, it is time for white to throw in the towel! An instructive game, that I think Joshua can learn a great deal from if he studies carefully. Again, this type of play is typical of inexperienced players who have yet to see the value of learning to plan ahead effectively.] **22.Qa3 Qc6 23.Rab1 Qxg2# 0-1**

New timeline for the 2019 PHCC Championships in the works for 50th anniversary celebration- Please note date changes. – RULES AND DETAILS WILL BE RELEASED WITH THE DECEMBER EDITION OF CHESS CHATTER and on the PHCC Webstie.

Tournament Director, **Lon Rutkofske** has been working with Port Huron Recreation Department supervisor, **Amanda Dickinson** to ring in the new year with a completely new calendar format to kick off the PHCC's 50th anniversary celebration.

In an effort to resolve the typical concerns revolving around a winter schedule for the customary PHCC Championships beginning in January, this year's plan aims to resolve this by hosting the event in a 5 round Swiss format, to be held on a single weekend beginning with the **first round slated for 7:00pm. on Thursday, January 17th and the final four rounds (two each day with rounds at 10:00 a.m. and 3:00 p.m.) on January 19th and 20th.** The entire tournament will be held at our Palmer Park site and conclude with the awards ceremony following the completion of the final round on January 20th. Amanda's recommendation of reserving the following weekend (January 26-27) as a back-up is a testament to the continued willing support of the PH Recreation Department.

PHCC Rating Lists

The following list represents only current members of the Port Huron Chess Club. Current USCF ratings were used for members that had them, in order to establish the initial club rating list. The USCF rating format is used as the basis for calculating our club rating list. Members that had no USCF ratings are given a provisional rating based on their performances against regular club members who had USCF ratings. Club rated events will use these ratings for pairing purposes.
